Call to Order- Chair Williams

- ➤ The July 18, 2025 meeting of the Board of Corrections is now in order.
- Action Item; Approval of the April 11, 2025 minute. Motion to approve minutes. Alexa Perez approves motion. Jim Kersten second motion for approval. April 11, 2025 minutes approved.
- > The next Board of Corrections meeting will be held on Friday October 10, 2025.

Welcome- Dr. Beth Skinner

- Welcome to the Board Members, the public, and staff that are joining us today. Thank you to the Board for your ongoing support of the work we are doing in this department.
- In April we had a visit to the Third District. During this visit we had a site visit and feedback forum with staff. During these visits we ask how things are going, what are current challenges, what are the opportunities, and what are some innovations that are happening.
- ➤ In April we started the Implementation Academy with ACJI (Alliance for Community, Justice, and Innovations group). We have 300 supervisors who are going through this academy. The academy is designed to help staff recognize common problems that arise during the implementation process.
- > We had our first CBC New Employee Graduation ceremony held early in May.
- Correctional Workers Week was held from May 4, 2025 to May 10, 2025.
- In May we had a site visit and feedback forum in the Fourth District.
- Also, in May we had a site visit and feedback forum at ASP.
- We also had last Friday a Central Office Employee Recognition Ceremony. We had two people that received the Special Recognition awards, which would be Jen Rathje and Don Hansen. Supervisor of the Year award for Katrina Carter. Our Team Excellence award was presented to our Victim Services team, which is Mary Roche and Madison Elbert. Our Agency Employee of the Year award was presented to Laura Scheffert.

GOVERNOR KIM REYNOLDS

LT. GOVERNOR CHRIS COURNOYER

BETH SKINNER, PHD. DIRECTOR

- An RFP has been released, a Request for Proposal, on July 9, 2025 to explore how we can enhance and support health services here in the department, a new electronic health records system, enhanced medical care, service coordination, pharmacy, mental health, and dental services.
- ➤ In August we will have a Statewide Recognition Employee Recognition ceremony.
- ➤ On October 9, 2025 Iowa Prison Industry will be celebrating their 75th year anniversary.
- There has been a request to the Attorney General's office to come and discuss the MDT process. At this time the AG office cannot speak about the MDT process due to current litigation. As the public has been requesting the AG office to speak, I wanted to provide an update on the request.

Budget Update- Steve Dick

- ➤ This is an overview of where we closed out the current fiscal year. Through the month of June we had short of \$20 Million and some of the expenses will be paid after June 30, 2025.
- ➤ 70% of payroll will fall back into FY25, which will happen in July.
- This is the time of year where we will move money around to balance out as necessary.
- As of June, we are at 94% of our budget which puts us in a good spot.
- We are actively trying to fill positions and will continue this as a priority moving forward.
- Utilities are a large area of the budget, at 96% of that budget currently.
- ➤ We are at 97% of the institution's budget for the year. Staff is a large portion of that.
- CBC is at 94% of our budget with 93% of the salaries.
- Central Office processed credit card fees and payments for the districts, which shows as revenue and expenses as we passed those onto the districts.
- For capitals we are moving forward aggressively with all our projects that have been funded.
- We have approximately \$4.8 Million that are not spent or allocated. A lot of projects are funds that we have allocated through DAS, as they oversee those projects.
- We are updating camera systems at several of our facilities
- For FY26 we did receive additional general funds due to the loss of telephone funds. This covers inmate law library, secondary education, literacy programs, and HiSets. It also covers DOT and IWD MOU. Also covers a position out of Fort Madison.
- We did have an increase in worker comp premiums, and an increase in the cost of pharmacy. The increase for pharmacies helps with being prepared to cover the cost of ailments that incarcerated individuals may have.
- For department wide duties we have \$5.9 Million that we can allocate back out for next year FY26.

Eighth District Transitional Housing- Paul Cornelius

- The Transitional Housing project is an initiative that was brought to Central Office by the 8th District.
- They were exploring the idea of transitional housing in the Burlington area. They are looking at a vacant lot near their residential facility.
- Transitional housing has also been done in the 4th District, and they have been a big help with this project for the 8th District in answering their questions.

GOVERNOR KIM REYNOLDS
LT. GOVERNOR CHRIS COURNOYER

BETH SKINNER, PHD. DIRECTOR

- Transitional housing has benefits that can come from it. It is a supervised environment, but it is for offenders that have lower level of supervision. Curfews, check-ins, and drug testing still will take place.
- ➤ The transitional housing is intended for a short-term stay. This is the move from residential facility to transitional housing that allows the offender to get back onto their feet and encourage life skills.
- They are zoning that lot right now and are moving forward with land appraisal surveys.
- > The big purchase will be in the mobile home that will live on the lot. They are looking at 4 bedrooms with two of those being handicapped accessible.
- An additional benefit is that the transitional housing will free up bed space in the residential facility.
- ➤ **Denise Bubeck:** The transitional housing sounds very exciting. Will this be able to use community programming or community volunteers for reentry services? Paul Cornelius: Those details will need to be figured out to see what is additionally available in the area, as they do currently have community partners that they partner with. The short answer is yes, but it will take time to figure out what additional services are to be used.

Introduction to the new Director of Correctional Education-Deputy Lamb

- ➤ The new Director of Correctional Education is Rohey Sallah. This position was previously held by Sandra Smith.
- ➤ Rohey has a bachelor's degree in science in Human Development and Family Studies. She is continuing her education with Drake University for a master's in science.
- ➤ Rohey began her career in corrections in 2022 as the Post-Secondary Education Coordinator for the department. She brough knowledge with her from her experience as a community engagement consultant.
- > Rohey has experience with the US Committee of Refugees and Immigrants.
- ➤ Rohey Sallah: I am honored to take on the role as the new Director of Correctional Education. I had the opportunity to work with the previous director and learn from her. I am excited to continue with the college partners and to expand education and vocational training opportunities for our students.

<u>Introduction to the new Iowa State Penitentiary Warden- Deputy Lamb</u>

- Mark Foreman is the newly selected Warden to the Iowa State Penitentiary as of June 2025
- Warden Forman worked for the Bureau of Prisons for 22 plus years, with 30 years of corrections experience.
- > In Warden Foreman's short time at ISP he has made an impact on professionalism with staff, morale, and security.
- Warden Foreman: Being appointed and serving as warden at Iowa, State, Penitentiary is certainly an honor and a privilege. I understand that the institutional superintendent role requires a great level of commitment, integrity, transparency and commitment to the Citizens of Iowa. To reduce recidivism and to give back to our communities. I'm focused on providing an environment that's safe, secure, offering humane conditions of confinement and establishing education, programs and activities, which afford opportunities for rehabilitation. I'm focused on recruitment and retention, which is best achieved through improving culture. I am grateful for this opportunity.

Red Tape Review-Jen Rathje

- > Red Tape Review was created under Executive Order 10 that was signed by the Governor in January of 2023.
- The initiative is really focused on reducing unnecessary, or overly burdensome regulations across state government.
- ➤ Every state agency, including the Department of Corrections, is required to conduct a comprehensive review of all our administrative rules. Through this review we will decide which rules will be kept, potentially rescinded or removed.
- For our agency we're going to look at eliminating anything that's outdated, duplicative, inconsistent or that no longer serves a clear purpose,
- Another major part of the Red Tape Review initiative is reducing the overall size of the administrative code or administrative rules not just by eliminating rules but also by trimming unnecessary language.
- > The Department of Corrections full review is due by December 31, 2026.
- ➤ There are 18 different rule chapters that fall under the Department of Corrections that need to be reviewed. Through this process of review, subject matter experts are involved in the reviewing and drafting of proposed changes.
- > Once the initial review process is completed, then we're going to dive into the formal rulemaking process.
- The rulemaking process takes about six months to complete. The goal will be to start that after the first of the year. This will include three public hearings throughout that process to gather feedback and input from external stakeholders and the public.
- We will then share with the board the proposed administrative rule change, comments, and information that we received from the public. Following this we will submit final information to adopt the rules to the Administrative Rules Review Committee.
- > One thing to note is that all of the related materials will be made public on our website.
- ➤ **Denise Bubeck:** I want to say I'm glad you received the special recognition award as what you are doing is not an easy job. And thank you for all of your work during the legislative session and keeping us up to date.

Public Comments

➤ Becky Williams: The board members are all aware that there has been a request for the public comments to be moved to four minutes as opposed to the two minutes. As a Board we cannot hold conversations outside of the public, so I would like to bring that discussion forward during the open discussion section of today's meeting. Today's comments will be for two minutes.

David Bovenmver:

David expresses concern regarding the MDT process and whether chapter 229A-3.4 of the lowa Code is being followed currently as the code is written on the definition of who is to be allowed for civil commitment.

> Dawn Bovenmyer

Dawn expresses concern over the MDT process and treatment completion as it relates to the process. Expresses concerns about psychiatrists not being available to provide the interview for the MDT process.

GOVERNOR KIM REYNOLDS
LT. GOVERNOR CHRIS COURNOYER

BETH SKINNER, PHD, DIRECTOR

> Larry Smith

Larry expresses cost concern differences between steel and ceramic toilets that are being installed at ASP, and why the need for stainless steel over hot water. ASP and MPCF are on the Rebuild Iowa Infrastructure fund for air conditioning since 2020 – Larry is expressing concern on not having air conditioning in those two facilities.

Carolyn Walker

Carolyn expresses concern over the privatization of healthcare services. Carolyn discusses how other states are currently doing with their privatization of healthcare within prisons.

> Richard Nordin

Richard would like for careful consideration to be taken when reviewing the proposals that come from the RFP.

> Heather Wagner

Heather expresses concern and seek clarification regarding the current and future status of the SOTP treatment program. Heather has concerns with recent state and federal budget cuts that this will slow the mandatory treatment program and therefore may cause longer prison stays.

Michelle Alfano

Michelle would like to be part of the common goal of lowering recidivism. Michelle would like to bring forth an idea to the Board Members to start volunteering in the prisons to bring more programs to the incarcerated population.

> Amy Leer

Amy expresses concern over the air conditioning at ASP and the stress that it causes on the population. Amy expresses that some parts of the prison are very cold, while other parts of the prison have no air conditioning.

> Susan Smelden

Susan expresses concern about being able to see her son in person due to health issues. Susan currently has video visits due to distance and would like to be able to visit in person.

Isabella Killmer

Isabella expresses concern regarding her spouse who incarcerated at ASP.

> Darcy Schultz

Darcy expresses concern about the privatization of health services and the impact of the quality of care private companies bring.

Mary Cohen

GOVERNOR KIM REYNOLDS

LT. GOVERNOR CHRIS COURNOYER

BETH SKINNER, PHD, DIRECTOR

Mary is encouraging outside programming to be brought into prisons. Mary would like programs beyond religious programming, to be brought into prisons. Mary is advocating for more art programs.

> Anne Boileau

Anne expresses concern about the RFP and privatizing healthcare.

Nancy Lenhart

Nancy expresses need for substance abuse long-term treatment at Mitchellville. Nancy states that Mitchellville needs more volunteers and that volunteers are not being accepted.

Open Discussion

- ➤ **Beck Williams:** I would like to bring up the four minute vs. two minutes for public comments. I would also like an updated version of exactly what authority the board does have since the legislative changes.
- ▶ Jim Kersten: I have a comment regarding the healthcare RFP. I think it really does not hurt to look at what options are out there and that may very well come back and have us keep working with the existing system and get funding internally that we need. To at least have a review of it, bring that back to staff, and policy makers in the State House, and us as a board then decide how to go forward. I am looking forward to that analysis. I would also like to revisit the MDT issue and have someone join from the AG office to provide an overview of the process, so the board fully understands it, and for the public to understand it and how to improve it.
- ➤ **Denise Bubeck:** The four minutes vs two minutes, I think in fairness to all the public it would be hard to go to four minutes speaking. It could possibly be a long meeting. We want to make sure everyone has the fairness to speak.
- Alexa Perez: I share Denise's concern. I hear the requests from the public and they would like additional time. I think we should be thoughtful about how much time to allocate for public comments. I understand two minutes is a short time and can be difficult. I think you have a lot of important things to say. I agree that we are interested in what you are saying and want to hear your concerns. I think my concern with increasing the time is just the number of public comments we have during each meeting, today is almost 15 public comments. I agree with fairness to everyone in how long to provide comments for.
- ➤ **Jim Kersten:** On the public comments as long as we the board and staff respond to what they are asking us and we can get the information back out the best we can for the public comments that is good.

Adjournment

- Becky Williams calls for the meeting to be adjourned and asks for a second. Denise Bubeck seconds motions. All in favor. Motion approved.
- Next meeting will be held on October 10, 2025.
