Introduction

The Fiscal Year 2021 (FY21) Annual Report reviews the activities of the Seventh Judicial District Department of Correctional Services (Department) from July 1, 2020, to June 30, 2021. The Department continues to provide the full range of community-based correctional services: pretrial release; presentence investigations; probation and parole supervision; residential services to all types of community correctional statuses, including individuals under the supervision of the Federal Department of Justice; and two specialty courts, a drug and a mental health court.

We started FY21 knowing that we would encounter multiple challenges. Covid’s impact of the national, state and local economies created concern with revenue projections. The Department engaged in an aggressive hiring campaign during the third quarter of FY20 to fill vacancies that had remained open due to previous revenue shortfalls. To reduce the potential transmission of Covid in the facilities, we lowered the resident census, an action that had a corresponding effect of the collection of residential rent income. The continued restrictions on “in person” meetings with clients in field units and in group counseling sessions reduced the collection of both enrollment and programming fees. Retirements, resignations and extended leaves of several staff members aggravated the strain on staff resources. The combination of prudent fiscal management, increased referrals from the Federal Bureau of Prisons and an infusion of CARES Act funds allowed the Department to end FY21 in a strong financial condition. Although the court system reduced its operations to a minimal level, corrections continued to provide care and supervision to the individuals in facilities and in the community. The Department took bold steps to lower the numbers of clients in the two community corrections facilities to mitigate the risk of virus spreading. Our field operations moved to remote meetings and to increased field contacts. I applaud the efforts of our staff members who worked diligently—in spite of the risks involved in working outside of the home—to monitor the residents in the facilities, to assist the Iowa Department of Corrections (DOC) in processing release decisions as DOC sought to reduce the prison population by 1000 incarcerated individuals, and to supervise increased numbers of individuals in the community under trying circumstances.

On a more positive note, the Department was successful in securing three grants to fund: 1) the purchase of tablets and Uptrust software to aid in the remote supervision of clients; 2) the funds to purchase treatment for individuals in the mental health court program; 3) the enhanced supervision and provision of services for individuals under pretrial release/diversion supervision in Clinton County. After several years of working on the expansion of specialty courts to counties outside of Scott County, the District specialty courts are now serving clients from Clinton and Muscatine counties. Clinton County has opened a community resource center in the courthouse to serve as a one-stop center to provide referral services to individuals released from the Clinton County Jail. The opening of the resource center is the result of several years of planning by a Clinton area task force, composed of Department employees, community agency staff members, the Clinton Police Department, the Clinton County Sheriff’s Department, local legislators and the Clinton County Board of Supervisors.

As I have expressed in the prior annual reports, I want to take this opportunity to thank all Department employees for their diligence and dedication, especially at a time when as essential workers, they had to step outside of their comfort zones to provide a critical public safety service. One year ago we faced a perilous future of uncertain fiscal resources, civil unrest and insuperable pandemic. As noted above, the infusion of additional funding and shrewd financial management enabled to Department of end the year with a strong financial foundation. The Department resumed its staff hiring to fill positions left vacant during the period of fiscal uncertainty. Although many facets of the Department have improved during the past year, the specter of the pandemic still presents a threat to our existence on many fronts. We must remain vigilant as we move forward. In closing, I would mention that the Department experienced a number of retirements during the past year. We are thankful of the efforts of these individuals in making our communities safer places to live. We wish them a happy, healthy and long period of retirement. Stay safe.

Respectfully submitted,

Waylyn McCulloh, District Director

**605 CENTER**
Purpose, Mission, Vision, Philosophy

PURPOSE
Section 905.2 of the Code of Iowa authorizes the Seventh Judicial District Department of Correctional Services to furnish or contract for services to assist individuals who have been ordered by the courts, or the Parole Board or the authority of the Interstate Compact Services to participate in correctional programs designed to modify their behavior. The goals of the Department are:

- To support public safety
- To provide alternatives to the incarceration of offenders
- To protect and ensure the rights of persons who are charged with or convicted of a public offense
- To provide programs and services that assist individuals to become productive and law-abiding citizens
- To provide cost-effective programs and services
- To avoid costly duplication of services by utilizing community resource agencies
- To provide accurate and useful information to the courts to assist in prudent decision-making

MISSION STATEMENT
Using our resources efficiently to build a safe community.

VISION STATEMENT
An Iowa with no more victims of crime.

PHILOSOPHY
An underlying philosophy of our Department that is tied to our goals, mission, and visions is that for each offender we seek the least punitive sentence and sanctions to be used consistent with the need to promote public safety while modifying the offender’s behavior. The Criminal Justice System has as its responsibility the need to provide for public safety and to assist other social systems with maintenance of an orderly society where individuals may strive to achieve their own objectives so long as they do not infringe upon the rights of others. Community-based corrections has a special role to prevent further involvement with law enforcement and the courts.

Community Based Corrections Principles:

- Crime is a community problem and can best be solved in the community.
- Alternatives to incarceration should be used when possible. The expense and debilitating effect of incarceration does not justify its use when appropriate alternatives are available in the community.

Strategic Plan FY 2020 - 2025
Adopted by Board of Directors
August 2020

Three Key Strategic Areas

1. Improve services and programming for those we serve through staff development, program implementation and Continuous Quality Improvement (CQI).

- Involvement and empowerment of all staff members in trainings, coachings, and committees.
- Focus on transparent communication between management and other employees.
- Staff development needs to include transition of leadership/succession planning to include workshops on the budget; expanding staff’s understanding of the relationship between community-based and institutional corrections/the bigger picture; transitioning from peer to supervisor or manager; etc.
- Encourage/Require at least one training per year that is non-specific to current job duties for instance, general case manager attend a Mental Health Training or a supervisory or leadership training.
- Continued Workshops/Booster Training (Core Correctional Practices/CCP) and CCP Coaching.
- Continued Workshops/Booster Trainings in IRR and DRAOR.
Fiscal Year 2021 Annual Report

- Continual IRR, DRAOR, and full case reviews/audits.
- CQI coaching conversations following reviews/audits.
- Realize research-based/evidenced-based practices, expanded use of existing specialty courts.
- Improve staff members understanding of the symptoms of mental health and substance abuse syndromes.
- Enhance staff members’ knowledge of the role of Adverse Childhood Experiences and the need for Trauma-Informed Care.
- Execute cognitive behavioral groups—Moral Reconation Therapy (MRT).
- Refer to Safer “ACT” Program ---MRT groups and University of Cincinnati Cognitive Behavioral Interventions groups.
- Expanded use of existing specialty courts.
- Cultivate collaboration with community treatment programs.
- Once per month, at least one of the three strategic plan items (on a rotating basis) must be reviewed at Board Meeting, staff meeting and management meeting.

2. Promote a workforce that is more diverse and more inclusive of a collective mixture of differences and similarities that include individual characteristics, experiences, cultures, backgrounds, values and beliefs to prevent racial disparity.
- Enhance staff members’ knowledge of cultural identity.
- Continual and Crucial Conversations/Communication regarding diversity.
- Continual conversations regarding implicit bias.
- Sustain Cultural Diversity Committee in the workplace.
- Encourage new members to be involved in the Cultural Diversity Committee.
- Involve the department leadership to support a diversity plan by active involvement of the Board of Directors, the Director, etc.
- Develop activities designed to support employee’s knowledge, skills, and abilities in appreciating differences among others in the workplace.
- Encourage staff to take personal assessments in ensure their self awareness on their implicit bias.
- Ongoing commitment to diversity to demonstrate and strengthen our ability to create, develop, and sustain meaningful relationships with our entire community and special interests that advocate for diversity.
- Require completion of all diversity and implicit bias eLearnings.
- As part of the hiring process/matrix, incorporate a psychological test for new hires that will reflect if an individual has a proclivity of possessing traits of racism or prejudice.
- Recognize that as a culture and structure, corrections has traditionally been non-inviting of others of differing cultures and develop our workforce to be culturally sensitive and responsive to the diverse population we serve and our fellow employees.
- Recruit, retain, and promote qualified and diverse applicants/employees.
- Create an advisory board to review research developed to address any issues with racial disparity of sanctions/court actions.
- Address systemic injustices and any discrepancies in services provided to or in the treatment of minority clients.
- Create training program to address racial disparity using data driven information.
- Once per month, at least one of the three strategic plan items (on a rotating basis) must be reviewed at Board Meeting, staff meeting and management meeting.

3. Focus resources on Evidence Based Practices and Core Correctional Practices to reduce recidivism and reduce revocations on technical violations.
- Provide the services necessary for successful reentry.
- Continued Workshops/Booster Trainings on Use of Response Matrixes.
- Educate and enforce use of Incentive and Sanctions Response Matrix as a starting point/guide.
- Develop on-going workshops focused on CCP skill development specifically as it relates to the role of Residential Officers.
- Acknowledge staff for use of EBP, CCP, and use of Matrixes.
- Reports of Violations containing only technical violations reviewed by the Supervisor AND the Director or Assistant Director.
- Use of CQI to ensure continued use of SMART Goals to proactively engage clients in behavioral change.
- Acknowledge success and progress liberally to clients as close to “real time” as possible to show respect and promote positive, pro-social thinking and behavior.
- Address violations and impose sanctions with clients as close to “real time” as possible to allow for continual client adjustments/behavioral changes.
- Once per month, at least one of the three strategic plan items (on a rotating basis) must be reviewed at Board Meeting, staff meeting and management meeting.

Adopted and Approved Action Plans

Objectives and action steps with responsible contacts and time frame - Start date – August 2020

Strategic Area 1: 1. Improve services and programming for those we serve through staff development, program implementation and Continuous Quality Improvement (CQI).

1.1. Program Implementation
1.1.1. Define what program needs are.
Waylyn McCulloh/Intake Officers/CTC-Clinton/Muscatine staff 6 months
1.1.2. Determine who will be responsible for implementation.
Lisa Chapman/Kurt Sothmann/Waylyn McCulloh

1.2. Staff Care and Development
1.2.1. Develop on-going staff development/booster trainings/workshops schedules.
Kurt Sothmann/other expert staff; Brandy Manrique-Budget; Angie Morris-Fatigue to Fulfillment; Jennifer McAndrew-Jesness; Lisa Chapman-Incentive/Sanction Matrix; etc. On-going
1.2.2. Assign mentors to new employees/promoted employees.
WRC and RCF RO staff member/Outlying offices staff member/Bill Miller on-going
1.2.3. Develop succession planning.
Brandy Manrique/Ken Howard on-going

1.3 Continuous Quality Improvement
1.3.1. Ensure scheduled IRR audits, DRAOR audits, and full case audits/reviews.
Kurt Sothmann/Lisa Chapman on-going for next five years
1.3.2. Schedule and complete coaching sessions to review and enhance staff understanding and training with assessments and case plans. Kurt Sothmann/other trained auditors on-going for next five years.

Strategic Area 2: Promote a workforce that is inclusive of a collective mixture of differences and similarities that include individual characteristics, experiences, cultures, backgrounds, values and beliefs to prevent racial disparity.

2.1 Cultural Diversity and Prevention of Racial Disparity
2.1.1 Phase One: Management Team explore the history of racial inequality in the United States, focusing on the fact that the nation's prisons are disproportionately filled with African-Americans.
9/15/20 Section I Viewing of “13th” (27:23) and Discussion (15:00-30:00);
9/22/20 Section II Viewing of “13th” (27:23-1:09:20) and Discussion (15:00-30:00);
9/29/20 Section III Viewing of “13th” (1:09:20-1:40:21), Discussion (15:00-30:00), and SUMMARY (15:00).

Phase Two: Leadership Team take an in-depth look at the prison system in the United States and how it reveals the nation's history of racial inequality. This team will then focus specifically on racial disparity in our district and devise standards to combat bias and racial disparity.

Phase Three: Annual workshops for all employees to maintain the standards developed and accountability. Organized by Kurt Sothmann and discussions facilitated by members of the Cultural Diversity Committee on rotating basis.

2.1.2 Conduct a poll/send out a survey to determine where employees are.
• Poll question: How comfortable are you having a conversation about race, racial disparity, and social unrest?
  4 choices in answers:
  A. I’m having the conversations now.
  B. I’m nervous, but willing to engage.
  C. Still feeling my way through this.
  D. Not ready, still need to learn how.

• Depending on the result of the poll, provide necessary workshops to assist employees at whatever level they are at.
Dan Campbell/Kurt Sothmann/Edward Sanders &/or Hilary Babu &/or Trina McBride
Fiscal Year 2021 Annual Report

2.1.3 Develop an annual panel of speakers from the community to present social justice reform topics and educate staff on the issues minorities face.
James Houston/Gary Allen

2.1.4 Set up quarterly forums inviting all department staff to attend to have crucial conversations regarding race disparity, justice, cultural diversity, and equality. Invite Board Members to attend the forums.
Topics may include:
- Action Steps to Combat Bias.
- Understanding Bias Leads to Better Inclusion and Elimination of Disproportionate Treatment.
- Don’t assume your experiences are the same/don’t assume you know how other feel.
- Get ready to hear hard truths.
James Houston/Orlando Rodriguez Six Months

2.1.5 Encourage/Embrace use of Core Correctional Practice, Evidence Based Practices, and the Incentive/Sanctions Matrices by all employees to sustain the equal respect and treatment of the population we serve.
Supervisors

- Send out reminder emails with attachments explaining what the challenge is – to help educate employees on how inequity and racism affect our lives and our community.
- Time frame 10/5/20 through 11/2/20 with topics to include Racial Identity, Unconscious Bias, Racial Justice, Racial Trauma on BIPOC, Levels of Racism, Income Inequality, LGTBQ+, Building a Race Equity Culture, Being an Ally.
James Houston/Lisa Chapman

Strategic Area 3: Focus resources on Evidence Based Practices and Core Correctional Practices to reduce recidivism and reduce revocations on technical violations.

3.1 Evidence Based Practices
3.1.1. Monitor the quality and performance of program models to improve recidivism outcomes.
Kurt Sothmann – Iowa Tool
3.1.2 Allocate adequate resources to the continuous quality improvement process to ensure case manager fidelity to the principals of effective correctional intervention.
Governor/DOC Director/Waylyn McCulloh
3.1.3 Oppose old processes and outdated models of thought. Embrace/Encourage use of response matrixes
Lead Committee/Supervisors
3.1.4 On-going booster trainings/workshops schedules
Kurt Sothmann

District Services

**PRETRIAL SERVICES**
The courts are served with information and services to provide for the early release of offenders prior to sentencing either with or without supervision. Pre-trial Release provides an alternative to the traditional bail bond system. Arrestees are assessed for their public safety and flight risk pending disposition of their criminal case. Recommendations are made to the court regarding appropriateness for release from jail that may include release on own recognizance (ROR), release with supervision (RWS), release with bail (RWB), etc., or no release. If release is ordered with supervision, the defendant’s whereabouts and activities are monitored to ensure that all court appearances and obligations are met.

**PRESENTENCE INVESTIGATIONS**
The presentence investigation is primarily a tool to assist judges in determining appropriate sentence alternatives that most effectively serve the offender, wisely utilize correctional resources and protect public safety. The report submitted to the district court includes an extensive history of the defendant’s criminal, social, family, education, employment and psychological background. Sentencing recommendations are presented to the court, based on the investigation. This department also provides criminal record checks to the courts for the judge’s consideration in sentencing.

**PROBATION SERVICES**
Probation is the supervised release of adjudicated adult individuals in the community as a result of a suspended sentence, or a deferred judgment and sentence. Probation provides a major alternative to institutionalization, whereby convicted misdemeanants and felons remain in the community under supervision. Probation supervision includes risk and needs assessments, case planning and referral to community agencies. Offender behavior is monitored through urinalysis testing, breath analysis, and electronic monitoring/GPS, surveillance and collateral contacts. Officers maintain regular contact with the offender and his or her significant others.

**OPERATING WHILE INTOXICATED (OWI) PROGRAM**
The OWI Program is provided for offenders convicted of a second or subsequent Operating While Intoxicated charge, as authorized by the Iowa Code, Chapter 904.153. Offenders in these programs are considered state inmate status but are able to serve their sentences and participate in treatment in community corrections’ residential facilities in lieu of prison. These offenders are under the jurisdiction of the Iowa Department of Corrections, and, unless they discharge their sentences while in the facility, must be released by the Iowa Board of Parole.

OWI programming is provided to offenders at the residential facilities. Substance abuse treatment services are provided through contracted services with the Center for Alcohol & Drug Services.

**PAROLE SERVICES**
Parole is the supervised conditional release of offenders released from the state’s correctional institutions by the Board of Parole. Parole can also be granted directly from a residential correctional facility after the offender has served residential facility time on work release.

**INTERSTATE COMPACT**
Interstate Compact is the supervision of offenders transferred to Iowa from another state. Iowa, likewise, transfers offenders to other states for supervision. Offenders supervised are usually on probation or parole and are handled similar to Iowa offenders under probation supervision.
COMMUNITY SERVICE SENTENCING
This tool connects the offender with the offended community through significant work to benefit the community, and has been used extensively by the courts.

IOWA DOMESTIC ABUSE PROGRAM (IDAP) formerly Batterers Education Program (BEP)
This program provides a group education process for men and women who practice a pattern of abusive behavior. As required by Iowa law, the department provides batterers education groups for persons convicted of domestic abuse. After an extensive orientation session, batterers’ are placed in groups which meet weekly; men meet for twenty-four (24) weeks, women (16) weeks.

RESIDENTIAL CORRECTIONAL FACILITY SERVICES
Residential services provide supervision of offenders who demonstrate an inability or unwillingness to function under less restrictive program supervision.

There are two residential correctional facilities in the Seventh Judicial District. The residential facilities provide highly structured live-in supervision of problematic, high risk and/or high needs offenders. The offenders are referrals from court, the Iowa Board of Parole or the Federal of Bureau of Prisons.

The Residential Corrections Facility (RCF) is located at 1330 W 3rd Street, Davenport, Iowa and the Work Release Center-605 Center (WRC) is located at 605 Main Street, Davenport, Iowa. The RCF houses sixty-four (64) male offenders. The WRC houses one hundred and twenty (120) male/female offenders. The average stay at the facilities is between three (3) and six (6) months. Offenders are required to obtain employment and address treatment needs as directed by the court or identified by assessments. Offenders are required to meet financial obligations such as child support, victim restitution, court costs, etc. while in the facilities.

OFFENDER EMPLOYMENT SPECIALIST (OES)
The Department has (1) Offender Employment Specialists (OES). The OES’ primary function is to assist offenders with securing and maintaining employment, primary focus is with residential offenders. The OES establishes relationships with local employers in an effort to build a partnership to employ offenders housed in the residential facilities. The OES also offers assistance to offenders under field supervision but are not being housed in either of the residential facilities. The OES works directly with offenders to monitor their efforts in obtaining employment, maintaining employment and working with offenders on resume and application writing.

OFFENDER WORKFORCE DEVELOPMENT SPECIALIST (OWDS)
The Department has (1) Offender Workforce Development Specialist (OWDS). The OWDS’ primary function is to make informed decisions about jobs and career paths for offenders based on knowledge of offender interests, skills/abilities and values; along with educational and occupational opportunities. The OWDS administers and interprets offender assessments and develops career plans based on offender risk, need and responsivity. The OWDS must possess the National Institute of Corrections’ Career Development Facilitator/Offender Workforce Development Specialist Certification.
**ELECTRONIC MONITORING**

Electronic Monitoring is an adjunct to other community based correctional supervision and treatment requirements. It is primarily utilized for high risk offenders (sex offenders) and those required by law or by the court as a condition of supervision. The department is utilizing the latest innovations in electronic surveillance to more effectively monitor high risk offenders. The department currently uses active monitoring units, mostly utilized by offenders in SOTP. Through the use of these units, the safety of the community can be greatly enhanced and the accountability of the offender is maintained. Global Positioning Satellite (GPS) is the most innovative electronic surveillance technology used by criminal justice agencies. The system combines GPS technology and advanced wireless communication protocols, flexible reporting and unique mapping capabilities to effectively track offenders twenty-four (24) hours a day, seven (7) days a week. The Central Command Center (CCC), located in Des Moines, Iowa, is the main information area. The goal of electronic monitoring is to minimize the risk to the community through monitoring an offender’s movements 24 hours a day.

**SEX OFFENDER TREATMENT PROGRAM (SOTP)**

The Sex Offender Treatment Program was specifically designed to help reduce sexual abuse victimization by providing treatment to those offenders who commit sex crimes. To address the increasing number of sex offenders assigned to supervision, the department has developed a comprehensive supervision and treatment program that utilizes specially trained staff (GPS Officers) to monitor high risk sex offenders assigned to GPS monitoring to ensure public safety. The SOTP program involves assessment, evaluation, professional counseling, perpetrator treatment groups (active and maintenance) and intensive supervision of sex offenders, either within the residential facilities or under intensive supervision. The goal of treatment is to reduce the risk of re-offending and make self-management possible. The outcome of treatment lies with the offender. By admitting their crime fully, acknowledging and accepting responsibility for their behaviors, feeling remorse and developing empathy with their victim, new skills can be learned so that there will be no new victims. Sex offender treatment appears to be a major factor in reducing future criminal behavior.

**MENTAL HEALTH COURT**

The Scott County Mental Health Court (SCMHC) is an example of a specialty or problem-solving court that provides an alternative to incarceration for clients with chronic mental health needs; these clients must meet established criteria. SCMHC, through intensive individualized services, will help its clients, who meet these criteria, treat their illness, take their medication as prescribed, satisfy their basic food and shelter needs, and avoid expensive incarceration or hospitalization. The goal of the SCMHC is to impose a sentence that provides the maximum opportunity for the rehabilitation of the client, while protecting of the community and considering the victim’s rights and safety.

SCMHC is a four-phase program that lasts a minimum of one year for misdemeanants and a minimum of two years for felony cases. Clients start the program by having weekly contact with the SCMHC team members (probation officers and other support staff) as well as weekly court appearances. As clients’ progress through the program, their reporting requirements are reduced. SCMHC operates as both a post-plea/pre-adjudication and post-adjudication model. At the very least clients are ineligible for SCMHC unless they have entered a guilty plea in their case. The court may dismiss their cases upon successful completion of the program, while other participants who entered the program post adjudication would receive a discharge from their suspended jail or prison terms.
DRUG COURT
Drug Court is a special court with the responsibility of handling cases involving offenders with drug-related convictions and those offenders that have criminal histories tied to drug addiction. Drug court has the capability of comprehensive supervision, drug testing, treatment services and immediate sanctions and incentives. It is a diversion program designed to divert non-violent substance abusing offenders from the criminal justice system (Prison). Drug court officers utilize numerous community partners to assist the offenders dealing with recovery and rehabilitation issues. Drug Court is an eighteen month, four-phase program involving an intensive treatment continuum with weekly interaction with each participant. Participants initially attend weekly court hearings where their progress is reviewed by the Court.

The Drug Court is a post adjudication model. Following a plea by the offender, the offender is “sentenced” to Drug Court to comply fully with the program. Failure to do so may result in the offender serving the initial sentence.

CLINTON COUNTY DIVERSION PROGRAM
The Clinton County Jail Diversion Program was implemented in September 2020. The Community Treatment Coordinator meets biweekly with the County Attorney’s Office, jail staff, and mental health, and substance abuse professionals that work in the jail to identify “high utilizers” of the Clinton County jail. This group works to coordinate services and to develop treatment plans for these individuals to get them released from custody and into the appropriate treatment. The Community Treatment Coordinator supervises some of the individuals on pretrial release with supervision, working closely with mental health and substance abuse providers to ensure individuals remain engaged in treatment. In the process of starting the jail diversion program, the Community Treatment Coordinator worked with the Clinton County Sheriff’s Office and several other local agencies to develop the Clinton County Resource Center. The Resource Center is located in the Clinton County Courthouse and is a central location where individuals who are released from jail can get connected with resources in the community before leaving the Courthouse. In addition to the Jail Diversion Program, the Community Treatment Coordinator assisted in expanding the Scott County Drug Court and Mental Health Court to Clinton and Jackson Counties. The 7th Judicial District Drug Court and the Mental Health Court are now available to Department clients in all five counties of the 7th judicial district.

PROJECT SAFE NEIGHBORHOOD PROGRAM (PSN)
PSN is a pilot program—initially funded by a Byrne grant—that promotes collaboration between the Davenport Police Department, the United States Attorney’s Office of the Southern District of Iowa and the Department to focus resources on and enhance information sharing about a group of parole-status individuals who present with the highest risk for violence, especially violence involving weapons.

STUDENT INTERNSHIPS
A Student Intern may perform in a learning orientation capacity the same duties as a Residential Officer or Counselor, a Pretrial Interviewer, or a Probation/Parole Officer. A Student Intern is required to be in the process of undergraduate or graduate work in a corrections or Human Services related field in order to qualify for an Intern position. Under general supervision, performs various tasks throughout the 7th Judicial District men’s residential facility at the RCF and Men’s/women’s work release facility.
**Statistical Information FY 2021**

(most recent data provided from FY 2020)

The following chart represents field case closures in FY 2021. Successful includes discharge from supervision; unsuccessful includes revocation due to technical violations or new criminal offenses. Administrative includes amended charges, special court orders and death. Intermediate sanctions include offenders remaining under supervision.
The number of field cases discharged **successfully** was 1027 or 69% success rate of all field cases supervised by the district. The chart below illustrates the discharged cases by supervision type. Probation being the largest supervision type reflects the most discharges.
RESIDENTIAL SERVICES:
There were 136 offenders on active supervision in the two residential facilities on June 30, 2021. The Davenport Residential Corrections Facility served 171 offenders; the Davenport Work Release/OWI Center served 363 offenders. The Department’s residential facilities served a total of 534 offenders in FY 2021: 495 males and 39 females. The following graph illustrates those offenders by supervision status on June 30, 2021.

Residential correctional facilities across the State play a major role in offender reentry efforts. The correctional facilities allow for a transitional environment for offenders returning to the community from prison. The semi-structured environment assists in the offender’s transition to the community by giving the offender time to secure employment and establish a support network before returning to the community on a full time basis. In addition, residential facilities offer offenders on field supervision a structured environment as an option to address negative behaviors while essentially remaining in the community. In FY 2021 there were 387 State Offender case closures in the two residential facilities, with 290 State residential case closures being considered successful.
The number of residential cases discharged successfully was 290 or 75% success rate of discharge of all residential cases. The chart below illustrates the discharged cases by supervision type. Served 39 females and 495 males.

The Department’s monitoring of offenders’ drug and alcohol use is a deterrent; ensuring offenders are working a sober lifestyle is a key factor in making positive changes in their lives. Security Standards are both physical and non-physical, the following graph illustrate the types of contacts made to ensure offender compliance to the conditions of their supervision.

Scott County Drug Court Virtual Graduation
Ashton Showers
May 22, 2020

Hi Ashton,

Congratulations on all that you have accomplished. In the two years since you joined Drug Court, your effort and determination to create a new path for you and your family is nothing less than outstanding. I admire the strength of character that you consistently show, your dedication to maintaining your sobriety in order to allow you to be the best mother you can be, and your willingness to be open and honest with all of us during your recovery process. You are a great advocate for yourself and I can easily see that transitioning over to being an excellent advocate for others as you continue on your path to becoming a counselor. I have already seen this from you as you have served as a mentor to many others within the program. I am going to miss seeing you and hearing about you and your family. Just remember that the Drug Court team is always available if you need help. I wish you the best of luck on your bright future.

Hon. Thomas G. Redel | District Court Judge
Iowa Judicial Branch | Seventh Judicial District
Scott County Courthouse | 400 West Fourth Street | Davenport | Iowa

November 2020 Monthly Report

Congratulations to Makayla Roenfeldt (Zweigart) on her recent marriage.
Makayla is an R.O. at the RCF.
The Employee Fund knows that staff are dealing with so many stressors lately, especially during this pandemic.

We thought everyone could use a little "pick-me-up". Each and every staff member is so important and we just wanted to remind them of that.

Congratulations to Debbie James on her retirement after 37 years of service with our Department!

Jack (Tom) of all trades! Here is WRC Residential Supervisor Tom McNamara on kitchen duty.
Bruce Patrick graduated from Western Illinois University with a Bachelor’s Degree in Criminal Justice/Law Enforcement Justice Administration. Bruce completed an internship with our Department and will be a Part-time Residential Officer at the RCF.

Sean Martin graduated from Mount Saint Claire College with a B.A. in Social and Political Science. Sean is coming to us from the Whiteside County Sheriff’s Department where he was a Corporal Correctional Deputy. He will be working as a Residential Officer at the WRC.

April 2021 Monthly Report

New Staff:

Juan Nuci graduated from St. Ambrose University with a Bachelor's Degree in Criminal Justice. Most recently he was a Team Leader at Nestle Purina and has worked for our Department in the past. Juan will be a Pre-Trial Interviewer.

Promotions:

Brinn Schade has been promoted from a Pre-Trial Interviewer to a Residential Officer. Brinn has been with the Department since 2019.

Mike Aleksiejczyk has been promoted from a PPOII to a Community Treatment Coordinator. Mike has been with the Department since 1999.
Ribbons have been created in support of our brother and sister at Anamosa.

After all donations are collected, we will divide the amount between both families and send them to the respective families’ donation funds set up in the names of Robert McFarland and Lorena Schulte. We ask for a donation of at least $5; however, all donation sizes are welcome and much appreciated.

For WRC staff, a basket of ribbons has been placed on the 6th floor staff break room along with a can for donations. We have sent ribbons to RCF, Muscatine and Clinton offices throughout this week. If you would like to show support, it would be nice to see staff wearing them, however it is not mandatory. Staff can also send donations through interoffice mail to Carli Larson.

Thank you for all the service that you do!!

CLINTON — The grand opening of the newly formed Clinton County Resource Center – a place where people can get guidance for mental health issues and help from many community resources – was celebrated Tuesday, June 22nd at the Clinton County Courthouse.

Clinton County Sheriff Bill Greenwalt said Clinton County and the City of Clinton for years had talked about creating such a resource center, a place where judges refer individuals leaving court to go to meet with providers and get guidance. The office is a one-stop location where people can get the help or guidance they need, Greenwalt said. Mental health is something that is spoken about more now than it was even 5 to 10 years ago, State Sen. Chris Cournoyer, R-LeClaire, said. The resource center offers a place where individuals know they can get reliable help, she said.

“For so long, the only place if you arrested someone that was having issues, you had to take them to the emergency room or to jail which was not always the appropriate place for them,” Cournoyer said. “So to be able to connect them with resources that they need and really have everybody networking and knowing where to go, it’s making these services be able to be rolled out so much more efficiently. And I really think that we can be a model for all the counties across the state of Iowa. And it’s just a fantastic program.”

In the first 30 days the resource center was operational, it assisted nearly 40 people, Greenwalt said. Seventh Judicial District Department of Correctional Services (JDDCS) District Director Waylyn McCulloh wrote the grant for the Clinton Community Treatment Coordinator (CTC) position that helped the center become a reality. The grant application was supported by Clinton County Attorney Mike Wolf, Former Sheriff Rick Lincoln, Clinton Police Chief Kevin Gyrion, Bridgeview, Area Substance Abuse Council, House of Representative, District 98 May Wolfe and the County Board of Supervisors, as well as multitude of other agencies.

This county wide collaboration between resource agencies was spearheaded by Sheriff Greenwalt. Equally instrumental in this process was the new 7th JDDCS CTC in Clinton, Greg Reckman. Volunteers from many resource agencies in Clinton County spend their time at the resource center and are available when individuals who are in need come through the doors. Seventh JDDCS CTC, Greg Reckman volunteers his time every week to be present and help in anyway needed at the resource center.

National Correctional Officers Week!!
(May 3rd – May 7th)

On May 5th, 1984, President Ronald Reagan signed Proclamation 5187 creating “National Correctional Officers Week”. Since then the first full week in May has been marked to recognize and to honor the work of Correctional Officers and Correctional Personnel Nationwide.

This year the activities looked a bit different as The Employee Fund (EF) spent more time (and money) on the events as they were unable to hold scheduled gatherings since December 2019 due to COVID. The committee was grateful for the support of supervisors and managers to help make the week even more special. All of our staff have been through more than we thought possible over the past year and worked to overcome things we never knew would become issues/barriers.

The EF Committee thanks each and every one of our staff members for all that you do for the Department.

Some of the things that the EF Committee did for staff:

- “What could be SWEETER than our staff?” - provided donuts/cookies/fruit on Monday, May 3rd
- “We SPORT the best employees!” – Staff could wear their favorite sports attire on Friday, May 7th.

Staff received 3 de’PEN’dable pens, a card from their supervisor and a notebook/pen set. There were also hourly drawings on Wednesday, gifts were water bottles/cups filled with goodies.
